## To the Owner

### General

The subsequent pages of this Service and Warranty Information booklet describe some service requirements and the warranties you receive as a Mercedes-Benz owner.

Your vehicle is covered under the terms of these “Warranties” and your Mercedes-Benz Sprinter dealer will exchange or repair any defective parts in accordance with the terms of such warranties within stated limits.

Please keep this booklet together with the Operator’s Manual and other documents concerning your vehicle so that future owners will have access to this literature if you should sell the vehicle.

### If You Have Lost the Service and Warranty Information Booklet

Should you lose your Service and Warranty Information booklet, have your local Mercedes-Benz Sprinter dealer arrange for a replacement. It will be mailed to you.

### Replacement Parts for Your Mercedes-Benz

Genuine Mercedes-Benz parts, exchange units and factory approved accessories are the recommended replacement parts for your Mercedes-Benz vehicle and are available through your authorized Mercedes-Benz Sprinter dealer.

These parts meet the same exacting quality control standards as the original equipment on your vehicle and comply with all applicable Federal and Provincial safety regulations.

Consult your authorized Mercedes-Benz Sprinter dealer for warranty and other details. Also ask your dealer about exchange parts under the Mercedes-Benz Exchange Program. These parts cost less than new parts but carry the same warranty terms.

## New Vehicle Limited Warranty - Basic Coverage

### Items Which Are Covered:

**DEFECTS:** Mercedes-Benz Canada Inc. (MBC) warrants to the original and each subsequent owner of a new Mercedes-Benz vehicle that any authorized Mercedes-Benz Sprinter dealer will make any repairs or replacements necessary, to correct defects in material or workmanship arising during the warranty period.

### ANY MERCEDES-BENZ SPRINTER DEALER:

Any authorized Mercedes-Benz Sprinter dealer of the owner's choice will perform warranty repairs or replacements. The vehicle should be delivered to the Mercedes-Benz Sprinter dealer during normal service hours. A reasonable time should be allowed after taking the vehicle to the Mercedes-Benz Sprinter dealer for performance of the repair.

**WARRANTY PERIOD:** This warranty is for the first to occur of 36 months or 60,000 km, whichever comes first, from the vehicle's date of delivery or when placed into service if earlier.

**ADJUSTMENT PERIOD:** The following items are exceptions; they are only covered (if defective) for 1 year or 20,000 kilometres, whichever occurs first:

**NO CHARGE:** Warranty repairs and adjustments will be made at no charge for parts and labour.

## New Vehicle Limited Warranty

**WARRANTY AVAILABLE:** This warranty is applicable only in Canada. If you take your vehicle to the United States or Puerto Rico temporarily, such as on vacation, warranty service may be requested from any authorized Mercedes-Benz Sprinter dealer.

In all other countries defects in material and workmanship will be handled in accordance with the terms and limitations of the Daimler AG Limited Warranty.

THE BASIC COVERAGE, EMISSION AND CORROSION WARRANTIES IN THIS BOOKLET ARE THE ONLY WARRANTIES GIVEN WITH THE PURCHASE OF A MERCEDES-BENZ VEHICLE. TO THE EXTENT PERMITTED BY STATUTORY LAW, THESE WARRANTIES ARE SUBJECT TO THE LIMITATIONS PROVIDED THEREIN AND THERE ARE NO OTHER REPRESENTATIONS OR WARRANTIES, EXPRESS OR IMPLIED, STATUTORY OR OTHER. NEITHER DAIMLER AG, MERCEDES-BENZ CANADA INC., NOR THE AUTHORIZED MERCEDES-BENZ SPRINTER DEALER ASSUMES OR AUTHORIZES ANY OTHER PERSON TO ASSUME FOR THEM ANY OTHER LIABILITY IN CONNECTION WITH SUCH VEHICLE. NO PAYMENT OR

OTHER COMPENSATION WILL BE MADE FOR INDIRECT OR CONSEQUENTIAL DAMAGE SUCH AS, DAMAGE OR INJURY TO PERSON OR PROPERTY OR LOSS OF REVENUE WHICH MIGHT BE PAID, INCURRED OR SUSTAINED BY REASON OF THE FAILURE OF ANY PART OR ASSEMBLY WHICH MAY BE REPAIRED OR REPLACED IN ACCORDANCE WITH THE TERMS OF THIS WARRANTY.

Some provinces do not allow the exclusion or limitation of incidental or consequential damages or limitation on how long an implied warranty lasts, so the above limitations may not apply to you.

## New Vehicle Limited Warranty

### Items Which Are Not Covered By The Warranties In This Booklet:

### Items Which Are Not Covered By The Warranties In This Booklet: (cont'd)

Malfunctions caused by the use of other than Genuine Mercedes-Benz parts and accessories and damages or malfunctions resulting from incorrect fuel usage, poor fuel quality (including biodiesel blends not meeting ASTM D6751 or EN590 quality standards) or from blending additional fuel additives other than those expressly approved for use in exceptional circumstances (see vehicle operator's manual) by MBC are not covered.

**EXTRA EXPENSES:** This warranty does not cover payment for loss of use of the vehicle during warranty repairs nor lodging bills, substitute transportation rentals, or other travel costs, telephone calls, loss of pay, or other economic loss or consequential damages except as outlined in the Roadside Assistance program (RSA).

**CHANGES IN DESIGN:** The manufacturer has reserved the right to make any changes in design or to make additions to, or upon its products without incurring any obligations to install the same equipment on motor vehicles previously built.

Damage from the use of third party accessories such as steering wheel locks or vent-mounted air fresheners is also not covered.

## New Vehicle Limited Warranty - Things You Should Know

### General

Our intention is to repair under warranty, without charge to you, anything that goes wrong with your vehicle during the warranty period which is our fault. All we ask is that you properly maintain and care for the vehicle and that you have warranty repairs or adjustments performed by an authorized Mercedes-Benz Sprinter dealer.

Please note the difference between “defects” and “damage” as used in the warranty. Defects are covered since we, the manufacturer or distributor are responsible. Conversely, we have no control over damage caused by such things as, but not limited to collision, misuse, and lack of maintenance. Therefore, damage for whatever reason is not covered by the warranty.

**MAINTENANCE SERVICES ARE ALSO NOT COVERED BY THE WARRANTY SINCE IT IS THE OWNER'S RESPONSIBILITY TO MAINTAIN THE VEHICLE ACCORDING TO THE SERVICE SCHEDULE PROVIDED.**

**All maintenance services must be accomplished to keep your warranty coverage valid. When requesting service or repair work under warranty, the owner must present to the authorized Mercedes-Benz Sprinter dealer, evidence that the periodic servicing requirements have been accomplished. Receipts covering completion of regular servicing should be retained, in the event a question arises concerning maintenance.**

**These receipts should be transferred to each subsequent owner of the vehicle. For your convenience, the Service Booklet has been designed to incorporate the signature and stamp of your authorized Mercedes-Benz Sprinter dealer upon completion of the required maintenance services.**

**This signature is evidence of completion of the maintenance services and should be kept together with other receipts, repair orders and invoices. If the owner has a warranty claim and can show through receipted invoices that the vehicle has received the required servicing, the dealer will perform the warranty work without charging for parts and labour. It is the responsibility of the owner to prove and the dealer to judge whether the required maintenance service has been performed.**

## New Vehicle Limited Warranty - Things You Should Know

**MBC's obligation is limited to the authorization to exchange or repair at its option such parts which are acknowledged by it to be defective. In case of defective assemblies, factory rebuilt units can be used in exchange instead of their repair. The replaced defective parts or assemblies shall become the property of MBC. Warranty repairs do not constitute an extension of the original warranty period for the vehicle or a part thereof.**

The term "adjustments" as used in the warranty relates to minor repairs normally not connected with the replacement of parts. The warranty covers adjustments necessary to correct defects.

For example, if a part should become loose or misaligned during normal use or service, it will be corrected without charge any time during the 12 month or 20,000 km adjustment period.

**NOTE: If these parts are damaged or worn due to racing or competitive driving events, accident, misuse or lack of maintenance, which is beyond our control, these damaged parts are not covered under this term.**

Depending on your model, it is equipped with one or two main batteries. The service life of the battery(s) is dependent on their condition of charge.

If you use the vehicle less than 300 km per month, mostly for short distance trips or if it is not used for more than three (3) weeks at a time, it is your responsibility to have the battery charge checked and corrected. In such cases we also recommend the use of an approved Mercedes-Benz trickle charger which is available at your authorized Mercedes-Benz Sprinter dealer. Please observe the battery charging instructions in your vehicle's operator's manual.

## New Vehicle Limited Warranty - Things You Should Know

### Insurance Write-Off; or Repaired or Replaced Parts

Any vehicle which has been damaged to such an extent that the owner, insurer, financing institution or leasing company determined the vehicle to be a “total loss”, “write off” or equivalent, is not covered by these warranties. This includes but is not limited to vehicles issued as “salvage”, “scrap”, “dismantled” or similar title under any provinces law.

Any parts repaired or replaced under an insurance claim or required as a result of events which are not covered under this warranty (see “Items Which Are Not Covered”, page 8), for example, damages due to accidents, misuse, or negligence, and in either case, any subsequent consequential damage to the vehicle are not covered by this warranty.

### Paint and Other Appearance Items

Defects in paint, trim or other appearance items are normally taken care of during our new vehicle preparation or by the dealer during new vehicle inspection. We suggest that if you find any paint or appearance problems that you advise your dealer as soon as possible since deterioration due to use and exposure is not covered by the warranty.

**The instructions in your Operator’s Manual regarding the care of paint, upholstery, trim items and convertible tops, as applicable, must be followed explicitly to maintain your warranty coverage.**

## **New Vehicle Limited Warranty - Things You Should Know**

### **Customer Repair Orders**

Your servicing dealer will give you a copy of the Repair Order on all warranty repairs performed. Please keep this copy with your vehicle records.

### **Tires**

Tires are warranted by the tire manufacturer, many authorized Mercedes-Benz Sprinter dealers are also tire dealers and can assist you in obtaining tire adjustments.

### **Body Repair Information**

Due to the materials and assembly procedures used in the production of Mercedes-Benz vehicles, it is strongly recommended that any paint work/body repairs be performed only by those repair facilities which have been authorized by MBC as having the tools, equipment and training necessary to perform such repairs.

While the vehicle owner may elect to have repairs (collision damage/paint repair work) performed by any automobile body repair establishment or individual, damage or malfunction caused by body repairs not performed in accordance with Mercedes-Benz specified repair procedures are not covered by the Mercedes-Benz New Vehicle Limited Warranty.

Should your vehicle need paint work/body repair or if you have any questions please contact your authorized Mercedes-Benz Sprinter Dealer or call 1-800-387-0100.

## Emission Control System Warranty - Vehicles

### Emission Warranty

Mercedes-Benz Canada warrants to the original and each subsequent owner of an OM642 engine that emission related components of such engines are free from defects in material and workmanship at the time of initial sale which would cause it not to conform with applicable regulations issued by Environment Canada.

### This Warranty Does Not Apply To:

1. The repair or replacement of warranted parts which are scheduled to be replaced prior to 160,000 km. These parts are no longer covered once they have been replaced at the first required replacement interval during a regular maintenance service.
2. Any vehicle on which the odometer km has been altered and the vehicle's actual km cannot be readily determined.
3. Loss of time, inconvenience, loss of the use of the vehicle or similar incidental or consequential damages.

The warranty will be performed by any authorized Mercedes-Benz Sprinter dealer of the owner's choice - repairing, replacing or adjusting at the dealer's discretion, upon delivery of the vehicle to the dealer's place of business without charge for parts and labour (including diagnosis), using Genuine Mercedes-Benz service parts, to assure compliance with applicable regulations. Parts replaced under this warranty become the property of the warrantor. This warranty is available only on vehicles purchased and operated in Canada.

## Emission Control System Maintenance - Vehicles

### General

The law requires your vehicle to conform to exhaust emission standards. To provide the best vehicle performance and lowest vehicle emissions, you are responsible to see that all recommended maintenance procedures detailed in the Service Booklet are performed at the specified times and km. The emission control system warranty does not cover failures due solely to owner abuse or lack of proper maintenance.

More frequent maintenance may be needed for vehicles under severe operating conditions such as dusty areas, very short trip driving or trailer towing.

We recommend that all maintenance services be performed by your authorized Mercedes-Benz Sprinter dealer who is equipped with the tools, instruments, and literature necessary for correct and systematic performance of these services. We recommend the use of Genuine Mercedes-Benz spare parts for service and repairs, since they have been made according to the manufacturer's specifications. It is also important to use only fuels and lubricants meeting factory specifications, since the emission control systems warranty does not cover repair or replacement of parts necessitated by failure of such items.

For detailed information concerning emission control system maintenance, please refer to your Service Booklet.

## Roadside Assistance

Beyond the services and assistance provided through the Mercedes-Benz Sprinter dealer network, which is strategically located across the country, Mercedes-Benz Canada Inc. has put a nationwide auxiliary support network in place. The sole purpose of this network is to provide you, the Mercedes-Benz owner, with the assurance and peace of mind of knowing that help is near should you ever need it, 24 hours a day, virtually anywhere in Canada or the continental United States.

### Important Information:

- During the powertrain warranty coverage of 5 years / 100,000 km, there is no cost for Roadside Assistance services.
- If your vehicle has been in service for more than 5 years or has accumulated more than 100,000 km, charges will apply and will be determined by the service operator at the scene of the mechanical breakdown.
- Fees for towing vary with tow distance and location of tow facility.
- No responsibility can or will be assumed for delays in service caused by severe weather conditions.

### Roadside Assistance Services Provided

In order to receive Roadside Assistance, you must remain with your disabled vehicle. In addition, your vehicle must be plated and insured and on a regularly travelled road to receive Roadside Assistance services.

- **Battery Boost Service** - If your battery has run down, a service operator will provide a boost in an attempt to enable your vehicle to proceed under its own power.
- **Fuel Delivery** - If your vehicle runs out of fuel, an emergency supply of up to 5 litres of fuel (where available) will be delivered.
- **Flat Tire Service** - If your vehicle has a flat tire, its serviceable inflated and mounted spare tire (where applicable) will be installed.
- **Winching and Extrication Service** - Your vehicle will be extricated/winched when it can be safely reached from a cleared, normally travelled road (vehicle must be able to proceed under its own power). This benefit does not apply to vehicles immobilized in a snow-covered driveway or parking lot. *Due to the nature of this service, no responsibility can or will be assumed for vehicle damages.*
- **Towing Service** - In the event of a mechanical breakdown, towing service will be provided to the nearest Mercedes-Benz Sprinter dealership (charges may apply for toll bridges or ferries). **If this is the case, you must contact the dealership to authorize repairs.** If the breakdown is due to an accident, there will be a charge for the towing service since accident damage is not covered under the Roadside Assistance program. The amount will depend on the distance the tow truck must travel to retrieve your vehicle and deliver it to the repair facility.

## Roadside Assistance

- **Lockout Assistance** - If you have locked your keys in your vehicle, we will dispatch a service facility to attempt to gain entry into your vehicle. The cost of labour and/or replacement keys is not included. In the event that access cannot be gained, your vehicle will be towed to the nearest Mercedes-Benz Sprinter dealership.

**You must have your vehicle identification number (VIN) available**

whenever you call for Roadside Assistance service. (Example of VIN: WDAAB1CC2B3456789. Usually the last eight (8) digits - B3456789 - are all that is necessary to access your records.) The VIN can be found in the driver's side bottom corner of the windshield, or on the driver's seat box.

## Roadside Assistance

### How to claim for towing reimbursement

1. Claims must be submitted to Mercedes-Benz Roadside Assistance within thirty (30) days of the date of the breakdown.
2. Indicate the cause and the location of the breakdown. Towing claims must be accompanied by the **original** towing bill and a photocopy of the detailed repair bill. We recommend that you retain a copy of all receipts for your records.
3. A cheque is sent upon receipt and confirmation of information (please allow 4-6 weeks for processing).
4. Reimbursement applies for breakdowns occurring anywhere in Canada or the continental United States and is subject to the terms and conditions set forth by Mercedes-Benz Canada Inc.
