Vans. Born to run.

Mercedes-Benz Prepaid Maintenance. A wise investment for the long haul.

Now that you've purchased your Mercedes-Benz, it's time to think about protecting your investment. Our Prepaid Maintenance Plans for the Sprinter and the Metris let you do just that.

Prepaid Maintenance offers different plans to best suit your needs, with coverages ranging from 3 years/3 services* for low-mileage users, up to 5 years/9 services† for higher mileage applications.

Plans may be purchased any time up to the first scheduled maintenance visit and are available for Model year 2015 and newer vehicles.

You'll feel confident knowing your van's exceptional performance will be protected by critical maintenance services from day one – and that you'll be protected from any future increases to parts and service costs.

You'll also benefit from a range of flexible and convenient payment options.

A smart decision now, no surprises later.

Keeping your van running like new is easy when you prepay for maintenance at an authorized Mercedes-Benz dealership.

You'll not only save money versus purchasing maintenance as you go, you'll be fixing your scheduled maintenance costs for the duration of the plan you choose.

Lock in the costs of warranty-required services before your first service visit, and you'll have predictable operating costs and avoid unwanted surprises.

Prepaid Maintenance benefits include:

- Potential savings versus pay-as-you-go maintenance‡
- The convenience of predictable operating costs
- Service performed to factory standards using Mercedes-Benz diagnostic tools
- The superior quality and warranty protection that come with Mercedes-Benz GenuineParts
- Enhanced resale value because your van was maintained and documented to factory specifications
- Plans are fully-transferable from person to person*
- Plans are honoured at authorized Mercedes-Benz dealers across Canada

Coverage includes the following items at intervals prescribed in your Service Booklet§:

- Synthetic engine oil and filter
- Engine air filter
- Fuel filter
- Cabin dust filter(s)
- Automatic transmission filter and fluid
- Brake fluid replacement
- Windshield washer fluid replenishment
- Poly v-belt replacement
- Spring bracket re-tightening
- Reset maintenance indicator
- Tire rotation at first service, and every other service thereafter
- AdBlue fluid replenishment

Check fluid levels and correct:

- Transfer case fluid replacement (4x4 only)
- Front axle differential fluid replacement (4x4 only)
- Check for leaks in all major assemblies

Function tests:

- Windshield wipers/washer system and horn
- Safety catch and hinges
- Lamps; warning/indicator, interior and exterior
- Safety belts and buckles
- Diesel particulate filter
- Parking brake

Inspection:

- Tires; inspect for damage and splits, measure tread depth, correct tire pressures
- Condition/thickness of front and rear brake pads
- Front and rear axle, steering rack; joints and boots
- Power steering fluid
- Engine coolant

* Whichever comes first – maximum 3 services

† Whichever comes first – maximum 9 services

‡ Potential savings vary by dealer

* Certain terms and conditions apply, see your dealer for full details
